## Education

Vignan University, Guntur

Aug 2022 – May 2026

Bachelor of Technology in Computer Science

## Experience

Web Developer [\[GitHub\]](#)

September 2024

Prodigy InfoTech

Remote

- Built 5+ responsive websites using HTML, CSS, and JavaScript, improving client engagement by 30% through user-friendly interfaces.
- Optimized layouts for 100% mobile responsiveness, ensuring consistent performance across 20+ devices and browsers.
- Reduced debugging time by 25% by quickly identifying and resolving cross-browser compatibility issues.

## Projects

GradeUpNow [\[View Live\]](#) [\[GitHub\]](#)

Dec 2024 – Present

**Technologies:** React.js, Node.js, MongoDB

- Developing an education platform for 200+ B.Tech students, providing access to programming and CS content.
- Designed a reusable UI component library, cutting future development time by 40%.

Project Management System [\[GitHub\]](#)

January 2025

**Technologies:** React.js, Node.js, MongoDB

- Created a system to manage 50+ student projects in the CSE department, streamlining evaluation and tracking.
- Built role-based dashboards used by 10+ faculty members and 100+ students, reducing manual logging by 60%.
- Engineered a MongoDB database solution, managing over 100 project records, student details, and grades; reduced data retrieval time by 40% through query optimization, improving user experience.

Sentiment Analysis

May 2024

**Technologies:** React.js, Node.js, MongoDB

- Co-authored and Designed an ML pipeline using NLP techniques (e.g., TF-IDF, sentiment classification) on Amazon product reviews, achieving 90%+ accuracy.
- Processed 50,000+ reviews with NLP techniques (TF-IDF, logistic regression).
- Showcased capabilities in natural language understanding and data-driven product insight generation.
- Published at IEEE 2024.

## Technical Skills

**Experienced:** C, C++, HTML, CSS

**Familiar:** Python, Machine Learning

**Intermediate:** JavaScript, ReactJS, Java, AWS

Cloud, NodeJS, REST APIs, SQL, MongoDB

**Tools:** VS Code, Git, Eclipse, Notion

## Certifications & Learning

- AWS : AWS Certified Cloud Practioner
- NPTEL: Management Information Systems Leadership and Team Effectiveness
- Certified in the Preliminary English Test (PET) at B1 level by Cambridge University

## Achievements & Extracurriculars

- 1st Prize out of 50+ teams at VVIT Idea Insight event for innovative solution design.
- Organized a 24-hour hackathon with 120+ participants, managing event logistics end-to-end.
- Contributed a key ERP module used by 500+ students in the college, improving data accessibility.
