OBJECTIVE

Aspiring Software Engineer with strong skills in **DSA**, **MERN Stack development**, and **AWS cloud services**. Passionate about building scalable, user-focused applications and solving real-world problems through innovation and continuous learning.

EDUCATION

2022 – 2026 Guntur, India	Bachelor of Technology (B.Tech) in Computer Science Engineering <i>Vignan's Foundation for Science, Technology & Research</i> CGPA: 8.21
------------------------------	---

PROFESSIONAL SKILLS

Programming Languages

C++(Advance), Java(Intermediate), Javascript(Basics)

FrontEnd Technologies

HTML, CSS , Bootstrap, React js

Backend APIs

Node.js, Express.js, REST APIs, JWT

Database

MongoDB, MySQL

Cloud Services

AWS (EC2, S3, CloudFront, Lambda)

Tools & Platforms

Git, GitHub, VS Code, Postman

PROJECTS

NSS - Social Service Dashboard

Mern Stack

- Developed a full-stack web application with **JWT-based authentication**, **responsive UI**, and **role-based access control**.
- Implemented features including **event registration**, **scheduling**, **notifications**, **payment gateway integration**, and an **admin dashboard** with **multimedia content support**.
- Optimized user experience with **real-time updates** and **interactive dashboards**.

ContentHub – Smart News Hub

Mern Stack

- Built a **single-page application** aggregating **Indian news via public APIs**, featuring **live updates**, **category filtering**, and **search functionality**.
- Designed **efficient API integration** and **dynamic rendering** for enhanced performance and user engagement.

Harnessing Machine Learning for Accurate Water Quality Monitoring and Prediction

Machine Learning

- Developed a **water quality classification system** using ensemble models (Voting, Stacking, NGBoost), incorporating **data preprocessing and feature engineering**.
- Achieved **97.34% accuracy** by addressing **class imbalance** and integrating **uncertainty estimation techniques** for robust predictions.

CERTIFICATES AND ACHIVEMENTS

- CSCT 2024 (NIT Sikkim, Springer)** – Presented ML-based water quality research. 
- Cambridge B1** – Certified English communication proficiency. 
- AWS Certified Cloud Practitioner** – Validated foundational AWS cloud knowledge in services, architecture, security, and pricing. 
- Selected in Ideathon by **Vardaan Company** for developing an **AI-powered emergency** application  .
- Led VCODE as Technical Coordinator,streamlining workflow tools and backend team coordination. 

EXTRA CURRICULAR ACTIVITIES

- 1st Place – Badminton (Mixed Doubles), VCODE 2024 (Vignan's University). 
- 1st Place – Kho-Kho, VCODE 2024 (Vignan's University).
