Education

Vignans Foundation for Science Technology and Research

2022 – 2026(Pursing)

Bachelors of Technology - Computer Science and Engineering

- CGPA : 8

Projects

Vcode – Event Management and Registration System [GitHub](#) [LiveDemo](#)

- Developed a robust, scalable platform for managing large-scale event registrations and team structuring.
- Hosted backend services on AWS EC2, frontend delivery via CloudFront, and utilized S3 for secure media storage.
- Facilitated over 500+ team registrations with real-time status updates and team validation workflows.
- Technologies: HTML, CSS, MongoDB

Homeopathy Consultation Web App [GitHub](#)

- Built a full-stack web application enabling seamless online consultation requests for a homeopathy clinic.
- Adopted Agile methodology to deliver iterative features with continuous client feedback.
- Automated Email notifications via CRON jobs, improving patient response time and clinic engagement.
- Implemented secure admin panel for managing patient records, consultations, and medical complaints.
- Increased clinic operational efficiency by 25% through digital booking and automated communications.
- Technologies: React, Node.js, MongoDB, Prisma, AWS CloudFront

Publications

Stock Price Forecasting by Time Series Analysis

[IEEE Paper](#)

Dec 2024

Publication Title: 2024 International Conference on Innovative Computing, Intelligent Communication and Smart Electrical Systems (ICSES)

Technical Skills

Languages: C, Java, JavaScript, HTML, CSS

Technologies: MERN Stack (MongoDB, Express.js, React.js, Node.js)

Tools and Platforms: Git, GitHub, AWS, Canva, LaTeX, StarUML

AWS Services: IAM, S3, VPC, EC2, SQS, SNS, Load Balancing, Auto Scaling

Events and Hackathons

- Served as an anchor for the ICNSoC International Conference, managing event flow and introducing guest speakers.
- Organized Vignan's Mahotsav (3-Day Youth Festival) – Literary Events Coordinator
- Technical Events Lead, VCODE – CSE Department Fest, Vignan University. [Certificate](#)
- Competed in 3 day Web Hackathon conducted by Vignan University.

Certifications and Achievements

- AWS Certified Cloud Practitioner [Certificate](#)
- Cambridge B1 Level Certificate in English communication
- Solved 300+ problems on LeetCode. [Profile](#)
- Earned Second Prize in the Project Expo held on Engineers' Day for developing a Hostel Management system.
