

CHANDANA MELLACHERVU

7993086359 | chandana.mellachervu@gmail.com | Tenali , Andhra Pradesh | [LinkedIn](#) | [GitHub](#)

Professional Summary

Motivated Computer Science undergraduate proficient in Java programming, MERN stack development, and machine learning; published in a Scopus-indexed research paper; experienced leader and nationally recognized for artistic achievements. Eager to apply engineering principles and technical skills in real-world software projects through an internship opportunity.

Technical Skills

- **Programming Languages:** Java, C
- **Web Technologies:** HTML5, CSS3, JavaScript, React.js, Tailwind, Node.js, Express.js
- **Database Management:** MySQL, Mongo DB
- **Tools & Platforms:** Git, GitHub, VS Code, Amazon Web Services(AWS), Vercel, Render

Education

Vignan's Foundation for Science , Technology & Research **Expected Graduation - 05/2026**
Bachelor of Technology in Computer Science and Engineering, Percentage: 86%(up to 6th Semester)

NRI Junior College **Year of Passing - 03/2022**
Board of Intermediate Education, Andhra Pradesh (BIEAP), Percentage: 97.1%

Sharon English Medium High School **Year of Passing - 01/2020**
The Board of Secondary Education, Andhra Pradesh (BSEAP), Percentage: 98.5%

Projects

CSE Project Management System(A MERN Stack Application)

Key Points:

- Designed and deployed a full-stack project management system for the CSE department at Vignan's Foundation, streamlining project workflows and improving coordination for **600+ students and faculty**.
- Enabled a secure, session-based login system with role-specific dashboards for users, enhancing access control and improving user experience.
- Implemented role-based access control, enabling the secure management of sensitive project data and reducing unauthorized access across all department users.
- **GitHub Repository:** https://github.com/chandanaMellachervu/Project_Management_System

Conference Presentations & Publications - Machine Learning Model

Paper Title: *Predicting Employee Attrition with Deep Learning and Ensemble Techniques for Optimized Workforce Management*

Conference: *Fifth International Conference on Sustainable Communication Networks and Applications (ICSCNA 2024) – Scopus Indexed.*

Key Points:

- Developed a predictive model to identify employee attrition using advanced machine learning and deep learning algorithms, achieving 98.3% accuracy with random forest and SMOTE techniques.
- Engineered comprehensive data preprocessing pipeline utilizing scikit-learn and Pandas, encompassing encoding, scaling, recursive feature elimination and SMOTE-based class balancing techniques.
- Conducted a comparative analysis of models, delivering actionable insights into workforce stability for HR decision-making.
- **GitHub Repository:** https://github.com/chandanaMellachervu/IDP_Employee_Attrition

Certifications

- **Elite + Silver Certification – NPTEL Leadership and Team Effectiveness**
Scored **85/100** and ranked in the **Top 1%** nationwide. Gained practical insights into leadership models, team dynamics, motivation, conflict resolution, and communication strategies over a 12-week course.

- **Preliminary English Test (PET) – Cambridge Assessment English**
Awarded **B1 Level Certification** with a score of **157**, demonstrating proficiency in reading, writing, listening, and speaking skills in English.
- **Recipient of the Nepuna National Award** for two consecutive years. **Holder of 16 records** in the field of Art and Painting, recognized by prestigious organizations such as the India Book of Records, Wonder Book of Records, Genius Book of Records, and others.

Academic Achievements & Activities

- **Lead Coordinator – 24 hr Web Hackathon, VCODE Technical Fest**
Organized and led the 24 hr Web Hackathon event, managing logistics, registrations, and technical coordination.
- **Coordinator – Film Club**
Revitalized Film Club's campus presence through strategic event planning and curated media selections, resulting in increase in student participation and enhanced cinematic appreciation among attendees.

Personal Information

- **Date of Birth:** 18-06-2004
- **Languages Known:** English, Hindi, Telugu
- **Interests:** Exploring web technologies, coding contests, AI tools
- **Address:** Tenali, Andhra Pradesh
