

MADALA NEERAJA

madala.neeraja3@gmail.com | +91 9381391624

Career Objective

Motivated and goal-driven computer science student with a strong foundation Python, C, and core Java. Seeking to leverage my technical skills and knowledge in a challenging role to contribute to impactful projects and advance my career in software development.

Education

Bachelor of Technology in Computer Science and Engineering

Vignan's Foundation for Science, Technology and Research, Andhra Pradesh

2022 – Present

CGPA: 7.4

Intermediate Education

NRI Junior College, Andhra Pradesh

2020 – 2022

Grade: 7.5

10th Standard

Sri sai vasavi vidhya Nikethan High School, Andhra Pradesh

2019 – 2020

Grade: 9.5

Technical Skills

Programming Languages: C, Core Java

Database: MySQL

Visualization Tool: Power BI

Academic Projects

Attention and Fatigue Detection System

Developed a computer vision-based system to detect user attention levels and fatigue in real time using facial and eye movement analysis. Implemented rule-based logic and machine learning techniques to identify drowsiness indicators and improve monitoring accuracy.

Technologies used: Python, OpenCV, Machine Learning

Traffic Congestion Prediction and Analysis

Designed a machine learning-based traffic congestion prediction system using real-world data. Applied feature engineering and classification techniques to identify congestion severity and major contributing factors.

Technologies used: Python, Machine Learning, Deep Learning

Certifications

- NPTEL – Management Information System, Leadership and Team Effectiveness
- TCS CodeVita Season 12 – Global Rank 749

Achievements

- Coordinator for Vignan Mahotsav conducted by Vignan University
