Professional Summary

Results-driven Data Science professional with strong analytical and problem-solving skills. Experienced in developing scalable solutions, building predictive models, and delivering data-driven insights.

Technical Skills

- Tableau
- Flask
- Python
- Java
- Deep Learning
- Pandas
- Machine Learning
- MongoDB

Professional Experience

Machine Learning Intern at InnovateAI (4 months) – Developed predictive models and optimized hyperparameters.

Key Projects

- Sales Forecasting model using ARIMA and LSTM for time series prediction.
- Real-time Fraud Detection system using XGBoost and feature engineering techniques.

Certifications

- Google Data Analytics Professional Certificate
- IBM Machine Learning Professional Certificate

Achievements

- Winner of University Hackathon 2023.
- Achieved 98% model accuracy in final year project.

Education

B.Tech in Information Technology – 2023 – CGPA: 8.3/10
