Education

Bachelor of Technology - Vignan University, Vadlamudi

Computer Science and Engineering

Aug 2022 – Present

CGPA: 7.02/10.0

Seeking industry projects to bridge academic knowledge with real-world systems and transition into a technical AI-focused role.

Work Experience

AI Intern – Edunet Foundation (Microsoft + AICTE)

May 2025 – Jun 2025

4-week Virtual Internship on AI & Azure Cloud Technologies

- Completed hands-on training in Machine Learning, Deep Learning, and GenAI using Microsoft Azure.
- Deployed an image classification model with over **80% accuracy** using Azure Custom Vision and CV APIs.
- Tackled 4+ AI challenges using classification and clustering on Azure ML Studio.
- Participated in 8+ hours of masterclasses and achieved 100% course completion.
- Presented a final AI project, earning certification co-branded by Microsoft and AICTE.

Projects

Loan Default Risk Prediction using ML (Python, Random Forest)

Jan–Feb 2025

GitHub Link

(scikit-learn, pandas, numpy, matplotlib)

- Engineered a Random Forest model to classify loan defaults with over 75% accuracy.
- Transformed 10,000+ customer records to improve prediction accuracy by 15%.
- Designed a risk-scoring system that flagged high-risk clients with 85% precision.
- Applied cross-validation to boost AUC by 12% and prevent overfitting.
- Built 5+ data dashboards using Seaborn and Matplotlib to visualize risk distribution.

User Management System (MERN Stack)

Mar–Jun 2024

GitHub Link

(MongoDB, Express.js, React.js, Node.js)

- Designed a full-stack user portal with login, registration, and role-based access (admin/user).
- Integrated JWT-based authentication for secure session management.
- Deployed MongoDB Atlas and structured schemas using Mongoose.
- Developed responsive UI in React with state-controlled form validation.

Skills

Languages & Libraries: Python, C, Java

Frameworks/Tools: Scikit-learn, Matplotlib, React.js, Node.js, MongoDB, Express.js

AI & Cloud: Machine Learning, Azure Custom Vision

Soft Skills: Time management, Leadership, Communication, Self-motivation

Achievements & Certifications

- **LeetCode:** 2100+ Rating, 10+ Problems Solved (Profile)
- **NPTEL Certifications:**
 - Leadership and Team Effectiveness
 - Sensors and Actuators
 - E-Business
- **Other Certifications:**
 - Micro-Certification – ServiceNow
 - Programming Using Python – Infosys
